

December 2015

Dear Valued Business Partner,

We are writing to share with you the exciting news that on Dec. 1, 2015, Univar USA Inc., a leading distributor of industrial and specialty chemicals and related services, acquired the outstanding stock of Weaver Town Oil Services, Inc., and Weavertown Transport Leasing, Inc., operating as the Weavertown Environmental Group (“WEG”). We are very excited about the opportunities this acquisition creates for both companies and for our valued business partners as we continue to grow our business and strengthen our operations in the markets we serve across the U.S.

Today, WEG now operates as a Univar company, and we begin the important work of realizing the full benefits for our suppliers of combining our companies. To ensure a smooth transition, there will be no immediate changes to our current business activities or your relationship with WEG. As we move forward with the integration of the two companies, we will evaluate the most efficient and effective way to continue to work with you, and will keep you informed of any possible changes.

For reference, we have included a copy of the press release announcing the completion of the acquisition. If you have any additional questions, please do not hesitate to contact your current WEG representative.

We look forward to continuing our strong and mutually beneficial relationship with your organization.

Sincerely,

Dawn Fuchs
President and CEO
Weavertown Environmental Group
